

LEED™ (Leadership in Energy and Environmental Design)* Green Building Product Information

Nullifire FS702

19-4-2021 , Wigan

To Whom It May Concern:

LEED™ certification applies only to buildings and neighbourhoods. Whilst products used play a role and can help projects with credit achievement, they cannot themselves be LEED™ certified.

Material Manufacturing Location

Nullifire FS702 is manufactured in Wigan, England. If Wigan falls within a 100 straight-line miles of the product is considered to be a locally-produced, regional material the project site, and can help contribute earning Material & Resources Credit.

Raw Material Extraction Information

No single extracted material is used to produce the majority of this product. Additionally, some raw materials come from one of several sources which in-turn come from one of several raw material feed stocks. As such, point source for the raw materials cannot be determined.

Rapidly Renewable Raw Material Information
